The purpose of this letter is to convey to you that Sferova has satisfied the requirements of Chevron's Vendor Approval Program. This approved status will remain in effect until which time Chevron plans to again review the performance of your products. At any time Chevron may conduct random inspections of your facilities and/or products as deemed necessary. Additional scope may also be added case-by-case after success with scope stated above.

Any changes in the sales/distribution network, location of manufacturing/assembly facilities, or material sources of major pressure containing components shall be reported to Chevron's Energy Technology Company within 20 days of the change. Failure to do so could result in being removed from the Approved Valve Manufacturer's List.

If you have any questions or comments, please do not hesitate to contact me at (713) 372-6936.

Sincerely,

Chris Conrad
Piping & Valve Engineer
